The galleries were banked to the doors and almost two-thirds of the members were in their seats on the floor. While the cheering and applause were swip and good win.

While the cheering and applause were still in progress the members on the floor began singing "My Country, 'Tis of Thee." It was taken up by the correspondents in the press galleries, and soon the vast hall was ringing the swelling chorus. Other patriotic airs followed as the members exchanged farewell. "The Star Spangled Banner," alternating with "Dixie." The Speaker came down from his rostum, his appearance on the floor being greeted with "For He's a Jolly Good Fellow," and a perfect rush of members to grasp his hand.

"There is but one thing in connection with the whole matter," said Mr. Cousins, "that approaches the sillness and absurdity of the driveling diatribe and fictitious tale of Christmas and that is the unparalleled and ludicrous performance of deliberately and solemnly spreading it upon the records of the American Congress, where it must remain throughout all history as a shameless challenge to the credulity of man."

WORTHY OF INVESTIGATION.

Mr. Richardson said that when the secret report of Captain Christmas to the Danish government containing the statements as to the alleged bribery of members of Congress was called to his attention, he considered it worthy of investigation. He asserted that the proof was conclusive that Christmas was the agent of Denmark and, indeed, of the

"There is not one iota of proof in support of the latter statement," interposed Mr. Dalzell, of Pennsylvania.

"I have the proof here," replied Mr. Richardson, who read the testimony concerning the letter of identification to Secretary White at London given Christmas by Secretary Hay. Mr. Richardson denied that any member of Congress had been bribed. He had simply believed that the charges were worthy of investigation and to that belief he still adhered. Mr. Dinsmore, of Arkansas, desired, he said, to repel the insinuations cast by Mr. Cousins upon Mr. Richardson for bringing the matter to the attention of Congress. CLOSE OF SENATE

Hot Battle of Words Waged Over the Philippine Question.

Philippine Question.

(By Associated Press.)

WASHINGTON. July 1.—After a session marked by some of the stormiest debates ever heard in the American Congress the Senate adjourned sine die at 5:30 this afternoon.

During the last hours of the session there was a tart debate on the Philippine question participated in by Messrs. Carmack of Tennessee, Spooner of Wisconsin, Culberson of Texas, McComas of Maryland and Lodge of Massachusetts.

The conference report on the Philippine government bill was adopted without very serious opposition, and then when the desks of the Senate were cleared the desks of the Senate were cleared sale by all druggists,

for adjournment, Mr. Carmack called up his resolution providing for a continu-ance of the investigation of the Philip-pine Committee and for a visit to the Philippine Islands by the committee dur-ing the present summer. This started the trouble, and for more than an hour a battle of words was waged. The resoution was referred to a committee, thus ffectually killing it.

Just before adjournment the usual resolutions were adopted, including one offered by Mr. Cockrell, the venerable Democrat of Missouri, cordially thanking President Pro Tempore Fry for "the dignified, impartial and courteous manner in which he had presided over the deliberations of the Senate." After the adoption of the resolution, Mr. Fry delivered a feeling response, and then declared the Senate adjourned without day.

clared the Senate adjourned without day, MR. ROOT'S FIGURES.

During the discussion of the Philippine bill, Mr. Culberson, of Texas, said the report of the Secretary of War indicated that from May 1, 1898, to April '30, 1902, the expenditures for the army were \$605,000,000 in round numbers, while of this sum only \$170,000,000 were expended in the Philippines. This statement Mr. Culberson questioned, and figured up an expenditure by the United States of \$222,435,360 on account of the Philippines, and even these figures, he said, did not and even these figures, he said, did not include some of the expenditures made for the Philippines.

Mr. Patterson, of Colorado, reletred to Admiral Dewey's testimony concerning the agreement for the surrender of Manila before the attack of August 13, 1898. WICKED FARCE.
In reply to Mr. Carmack. Mr. Speener declared that the attack made upon the army by the minority of the Philippine Committee and of the Senate was not only a "farce." as it had been termed, but a wicked and cruel farce. Mr. Speener asserted that it was the fault of the minority that the investigation had been, as stated, a farce. The scheme of the minority had been found to be a mistake. the verdict will be."

Mr. Carmack said that if it were proper he would denounce Mr. Spooner's remarks as "the merest halderdash."

"The fact remains," he said, that the committee failed to perform its duty and deliberately suppressed the purposes of the investigation." He denied the charge that the minority of the Philippine Committee had assailed the army. "Any fool," he declared, "could utter such a calumny and any parrot could be taught calumny and any parrot could be taught

to repeat it."
Messrs. Allison and Cockrell, as memhouses, reported that the President had communication and the Senate then adjourned.
